FOR OPERATION & MAINTENANCE

ABOUT US

MADARAT ALWASATI COMPANY Holding was established in Al-Riyadh in 1420 AH, within a clear vision, which is working to be among the distinguished national companies in the Kingdom of Saudi Arabia. MAC works in contracting, trading, manpower, consultancy, rental equipment, real estate. We work with high standards through which we aim to satisfy our customers through high quality in the implementation of projects of any size and with high accuracy. With in this policy, the company is proceeding at a steady pace, on the path of growth, and significant contribution in all regions of the Kingdom of Saudi Arabia. MAC also boasts multinational working human resources including highly qualified engineers, administrators, technicians, and specialized workers. The policy of the Foundation is based on the foundation of our success in maintaining the confidence of our customers in understanding and meeting the requirements of our customers, absolute commitment with the client, and accuracy in implementation throughout the work stages.

We are a leading Saudi group of multinational and local service Organizations offering the strengths and experience of a multinational whilst retaining the agility and characteristics of a local company.

CEO MESSAGE

First and foremost, we extend our sincere thanks and gratitude for showing your interest towards our organization. It is my great pleasure to introduce ourselves as one of the leading organizations operating in KSA. I would like to bring it to the notice of our valued clients that MADARAT ALWASATI COMPANY Holding' with its competent staff members, stands for quality services to meet our clients' desired demands.

We have continually been able to go above and beyond our stated goals and objectives by employing top-notch individuals. Where we lead, and others follow is our tenet of leadership.

While every team member integrates to the company's distinctive experience and ideas, M. Shahid and his dependable Board of Directors actively steer the business.

Some of the most seasoned and motivating leaders are on this board.

[I think it's important to keep expanding our portfolio of domestic, international and local assets while keeping a sharp, entrepreneurial eye out for high-value development possibilities throughout

MADARAT ALWASATI Co

FOR OPERATION & MAINTENANCE

COMPANY BACKGROUND

MAC is a 100% Saudi owned Est. registered under the law of Saudi Arabia to support Industrial energy, Manufacturing Industry, Construction Industry and IT and Telecommunication industry. We have been experienced in manpower, contracting, engineering and IT supply since last 15 years in KSA and other Gulf countries. Now we are providing our Services in KSA. Our objective is to work within the well-recognized Industrial, steel and solution integrators in KSA. MAC has always prevailed over strong challenges and intense market competition through its highly professional human resources, punctuality and providing the best products and services

HSE POLICY

MAC is committed to the (HSE) Health, Safety, and Environment and ensuring implementing compliance and accomplishing all of the company goals and objectives.

We have the following priorities and prerequisites in conducting its business:

The safety of staff during working operations.

The health of AIM GCC's personnel, customers, suppliers and contractors

Minimizing environmental impacts associated with its activities.

Keeping the authorities and the public informed

Compliance with applicable legislation

The following principles must be applied every day and at all sites to succeed in our commitment:

Remove or alleviate hazardous situations to minimize risks to personnel

Set HSE performance objectives, measure results, assess and continually improve processes, through the use of an effective management system

Monitor the health of our personnel regularly to ensure that workers have the physical ability to perform their duties

Guarantee and monitor that our activities have minimal impact on the environment

Minimize our impact on the environment through pollution prevention, reduction of natural resource consumption and emissions, and the reduction and recycling of waste

Apply our technical skills to all Health, Safety and Environment aspects in the design and engineering of our services and products

Promote awareness of issues relating to Health, Safety and the Environment towards our employees and contractors, improving their skills through appropriate training programs and information.

Develop, maintain and test procedures and resources for dealing with emergencies to reduce the impact of incidents to a minimum

Report and analyze all accidents, incidents and anomalies.

Monitor our performance and check our management system in order to improve rules and procedures in conducting our activities.

Maintain a consistent and transparent dialogue with authorities, local realities and other stakeholders, openly communicating our HSE policies, standards, programs and performance.

QUALITY POLICY

The Company is committed to providing complete customer satisfaction to the best of its abilities and to ensuring that all internal procedures and practices are suitable for that purpose

In addition, the Company complies with applicable legislation and regulations as well as the recommendations and ethics of industry bodies to which it subscribes. This commitment extends to the continual improvement of quality and environmental performance together with the prevention of pollution.

To achieve this, the Company has adopted a policy of operating a coordinated Quality Management System meeting the requirements of the ISO 9001:2000 standard, by providing the framework for setting and reviewing management objectives and targets

It is the Company's policy to maintain an electronic communications network covering all aspects of the services provided that links all offices and the ships being operated. While standard formats are used, the facility exists to adjust the format to suit the specific requirements of an individual contract.

The Company appreciates and emphasizes to staff that the use of standard formats is a means of ensuring that quality standards are maintained at a consistent level thus meeting the needs and expectations of customers.

The aim of standardization is not to remove flexibility, which is certainly a requirement in our industry but to provide a medium of documentation and communication relevant to the business in general and a specific contract in particular. This ensures that the work undertaken

be monitored and audited to confirm compliance with the contract and the ISO can standard

Directors and Managers have the responsibility of ensuring that the policy is communicated and understood by all personnel influence quality matters, that they are aware of their obligations under the standard and are engaged in tasks that can provided with adequate, suitable resources.

The Quality Manager is authorized to monitor and maintain the Quality Management System and to report to the Company's Management Review Meeting on the continued suitability and achievement of quality objectives.

The Company is aware of its responsibility to provide resources for the control of the Quality Management System including, where appropriate, competence technology and finance. Maximum effort is directed towards providing satisfactory services whilst ensuring that any problems that do arise are resolved expediently and professionally.
